

MCAS Parent Guide

MyChildAtSchool (MCAS)

Introduction

MyChildAtSchool (MCAS) is a portal enabling parents to view their child's academic performance in real-time via a web browser. This facility allows exclusive access to the child's **Attendance**, **Assessment** whenever the parent/carer wishes. As well as student performance data, the portal also provides general useful information about school such as the **Academic Calendar** and **Announcements**.

In summary, **MyChildAtSchool** provides:

- Access to real-time **Attendance**, **Assessment** data
- An insight to parents on their child's schoolwork (homework topics etc.)
- Communication facilities to improve contact between parents and schools
- Instant access to **Published Reports** and **Letters**
- Option to purchase **Items**, join **Clubs** or book **Trips**

Note: The information in this guide is based on all the modules being available to the school. Some options like **Behaviour** or **Assessment** may not be used by the school, therefore these will not be available on your **Home Page**.

Note: This guide will explain all of the options available to a MyChildAtSchool User. **The school will not have the modules that enable all of these options so you may not see all of them when you view MyChildAtSchool.** Also some of the options are configurable and the school may not give access to all of the options for example access to staff emails. The school also has configuration options of Colour, Menu Titles and Sub Menu Titles so these may also differ from the images in this guide

Note: If you have any issues logging into your account, please contact the school directly and not Bromcom. Bromcom only supply the software, the school maintain User login details.
